

Urine Bag 4000mL

Our 4000mL Urine Bag has a large volume capacity which is ideally suited to overnight use - particularly when travelling.

It also features a T-Tap outlet for easy emptying and has incremental measurements to allow for visual urine output.

- ⊗ 4000mL volume capacity
- ⊗ Non-return valve
- ⊗ Long 150cm large bore tubing with bonded stepped connector
- ⊗ Integrated hanger with rope for easy attachment
- ⊗ Easy to use T-Tap outlet for emptying bag
- ⊗ Clear incremental markings on bag
- ⊗ Ideal for overnight drainage
- ⊗ Portable and easy solution for travelling
