PRODUCT PACKAGING LABEL

INSTRUCTIONS FOR USE

1. Whilst maintaining aseptic technique, open the packaging at the connecting end of the Yankauer Handle to expose the connection end only.
2. Connect the Yankauer Handle to the Respirogen connector on the selected suction tubing.
3. Connect the distal end of the suction tubing to the suction receptacle.
4. Ensure all connections are secure.
5. Remove packaging from Yankauer Handle and test suction through the Yankauer Handle prior to use.

CAUTION

- Contact with electrocautery electrodes or laser surgery beams must be avoided.
- DO NOT apply continuous suction to mucosal tissue.
- DO NOT use if the packaging or product has been damaged or contaminated.
- DO NOT store at extreme temperatures and humidity.
- Avoid direct sunlight.
