

Leg Bag

T-Tap with Elastic Straps

DESCRIPTION

m|devices Leg Bags are designed to be unobtrusive offering discreet storage under clothing. The various volume capacity sizes available are 350mL, 500mL and 750mL bags, non-return valve and with three optional tube lengths of 10cm, 30cm and 50cm with bonded stepped connector, cater for all user requirements. The T-Tap mechanism ensures emptying the bag can be performed quickly and easily whilst the elastic straps with button hole type securement, allows an adjustable custom fit every time. The non-woven backing of the leg bag provides comfort to the wearer.
